Jayne--

Some important edits to the Tribal letter to correct document names, verb tense (since this will be going out after our decision was made), etc. See attached.

Hi All,

I received and (hopefully) addressed comments from Steve and Christine. See attached. Let me know COB today with cc to Allison if you see any fatal flaws (or typos).

Meanwhile, I am getting final confirmation on the names and snail and email addresses.

After the two inserted references to forestry and forestry practices, respectively, I recommended “as necessary to achieve and maintain water quality standards” or something along the lines of the forestry things being important to protect water quality ... connecting the two ideas in the eyes of the Tribal reader.

**Subject:** Use this Version When Making Comments on the Tribal Final Decision Letter Template

Hi All,

So far I heard from Allison (excellent edits) and Lynda on the tribal final decision letter template. I made the changes and am requesting you use the attached version when conducting your review. Comments are due by COB today and let me know if you plan to submit comments after that time frame.

I have cc'ed our tribal folks as they wanted to see the draft language (and will be providing me with updated names for the tribal chairs and environmental contacts).

Cheers,

Jayne
